FREQUENTLY ASKED QUESTIONS

What is Zero-Sort® recycling?

Zero-Sort recycling is Casella's state-of-the-art process which enables paper, cardboard, plastic, glass, and metal cans to be collected together in one bin eliminating the need for you to separate recyclables.

Can I throw trash and recyclables into my recycling bin?

NO. Your recycling bin is for Zero-Sort recyclables only. Items that cannot be recycled should be tossed into your trash bin.

How should I prepare recyclables?

Recyclables must be empty and rinsed clean of food residue. Corrugated cardboard boxes should be broken down into 2' max pieces. **DO NOT** tie newspaper, cardboard or jugs with twine. Handles should be removed from pails and paper bags.

What type of metal can I recycle in my bin?

Food and beverage cans are acceptable. **NOT ACCEPTED** items include pots, pans, aerosol cans, and scrap metal such as automotive parts, motors, and appliances or any other metal items.

Can I put grocery bags into my Zero-Sort bin or place recyclables in plastic bags?

NO. Plastic bags of any kind are not accepted in Zero-Sort recycling. To recycle grocery bags, please bring them to a participating grocery or retail store.

Why aren't paper drink cups recyclable?

Paper cups have a thin, plastic lining or waxed finish that cannot be recycled.

Can I put construction debris in my trash container?

No. Trash containers are intended for municipal solid waste (household trash) only. For disposing of construction debris please call 800-CASELLA to discuss renting a dumpster.

CURBSIDE CONTAINER PLACEMENT GUIDE

PROPER CONTAINER PLACEMENT

Put containers on a hard, level surface clear of obstructions such as snow. landscaping, mailboxes, and utility poles. Do not block the sidewalk.

CONTAINER DON'TS

upright for pickup

back to back

Keep all materials inside the container

all obstructions
